

LUCKY ROOM

In this studio game show, 3 contestants take part every episode. Their family members are also in the studio, but in a sound-proofed room (The Lucky Room).

Genre:
Game Show

Duration:
Daily Strip, Access Prime Time

LUCKY ROOM

The family has no audio or visual contact with the studio audience. The host then asks a question, and the contestants must guess the answer. The contestant who gives the closest-to-correct answer is then connected to the “Room of Luck” where their family members have the right to a single guess. Unknown to them, their guess will be used for the money tree, seen only by the studio audience. The money tree consists of 20 steps, with various prizes on each step. The prize equivalent to the guess is added to the contestant’s bank. The family with the most prizes by the end of question 12 moves forward to the finale.

The contestant plays the finale along with his/her family members. If they are able to answer 4 questions correctly without eliminating any multiple choice answers, they will win the prize total.
