THE GAME OF MY DESTINY

The world of Asiye and her children is turned upside down by a horrific incident in “The Game of My Destiny”, setting them on a path of life-transforming encounters. Whether by fate or by chance, they find themselves in a new home where Asiye faces an impossible choice to bring her family happiness.

Abandoned by her husband at a young age, Asiye must raise her two children alone amid great hardship, sacrificing her own happiness to give them a good start in life. But her dreams are shattered one day when their neighbor attempts to rape her daughter Nergis, and the child kills him.

The tragedy which strikes Nergis, the light of Asiye’s life and her biggest support, stains their lives with an indelible trauma and robs them of their hopes of a bright future. It is at this fateful moment that Asiye crosses paths with the stranger Mahir, whose appearance brings hope of a reversal in their fortunes.

Like a knight in shining armor, Mahir sweeps the family away out of the kindness of his heart. As he drives them off in his car, none are aware of the game which destiny is playing on them. Mahir finds refuge for Asiye’s family in the Demirhan mansion. There, rather than salvation, she is confronted with a new battle.

In the mansion Asiye comes face-to-face with ex-husband Cemal who abandoned them years ago. By coincidence, Cemal is now married to Helin, daughter of Harun, the head of the powerful Demirhan family. In her bitterness, Asiye had cut Cemal off so profoundly, that she told him their son Umut had died.

Destiny brings Asiye and Cemal back together under the same roof, years after their lives were torn apart by his selfishness. After Umut was born, the pressures of family life became too much and he drifted away in a haze of alcohol and pleasure-seeking, choosing freedom over responsibility.

THE GAME OF MY DESTINY

The wealthy Helin is the answer to Cemal's prayer, giving him the chance of a comfortable, affluent life, free of the hardship that he faced with Asiye. By contrast, Mahir has never avoided responsibility and has had to fight to achieve success, having suffered rejection early in life as the illegitimate son of Harun.

After being tossed about by a series of twists of fate, Asiye finally has the chance to take control of her family's destiny. However, she faces the toughest of dilemmas in choosing whether to reuniting with Cemal or making a fresh start with Mahir. Within the poisonous atmosphere of the Demirhan Mansion, fraught with romance, betrayal and jealousy, Asiye now faces her final battle to overcome a cruel destiny and find happiness for her and her children.
