TRUE LIES

TRUE LIES

“True Lies” tells the story of popular reality show host Elif and her courageous fight to solve crimes. Her methods bring her into conflict with maverick police inspector Omer and mutual distrust divides them. But as their paths repeatedly cross, they come to recognize what unites them – a shared passion for justice in an unfair world. Elif is a media celebrity but also a renowned crime-fighter whose investigative journalism has helped put murderers, rapists and kidnapers behind bars. She is also trapped in an unhappy marriage with the weak-willed and self-serving lawyer Erdem, who lacks the idealism which drives his wife in her work.

The story begins when the body of a young waitress, barely alive, is found at the bottom of a plush residential block. Bora, wayward son of a wealthy businessman, is suspected of pushing the woman off a balcony. Omer is tasked with arresting Bora, while it is Elif who breaks the news of Bora’s arrest warrant on her show.

Elif’s investigations pit her against Bora’s powerful father, who uses his influence to undermine the case against his son with a media campaign. But it also sets her against her husband Erdem, who is persuaded to defend Bora by a big financial incentive. The rivalry is the final straw in Elif’s unhappy marriage and fatefully brings her face-to-face with Omer.

Inspector Omer’s faith in the judicial system was shattered as a child when his father was shot dead in front of him, only for the perpetrators to go unpunished. The cynical Omer has a reputation as a troublemaker who doesn’t go by the rule book. He only cares about solving crimes, whatever the methods.

TRUE LIES

TRUE LIES

Omer's first impression of Elif is as a media personality who only cares about television ratings, while she feels he is obstructing her own investigations. But their hostility towards each other begins to melt in mutual fascination. As they get to know each other better, the spark of passion is ignited between them.

After they fall in love, their lives will never be the same again. They are both stuck in unhappy marriages from which they feel they cannot escape. However, as work to solve new criminal cases each week they become closely entwined and realize there is nobody else to support them apart from each other.

"True Lies" brings to life the struggle of those who stand up against wrongdoing, who refuse to bow down to the dishonesty, duplicity and cowardice that blights the world around them. They stick to the path which they believe in, fighting on despite all the forces ranged against them. This is the destiny of the lovers Elif and Omer, who refuse to surrender to the world's injustice.
