VENDETTA

“Vendetta” tells the story of Dilan and Baran, and the marriage into which they are forced to end a blood feud between their families. Baran puts aside hatred of his rivals to save his young brother, while beautiful Dilan has to endure abuse from his hostile family. Battling mistrust and malice they must build a future together.

Tribal chief Baran moves his family to Istanbul when a feud with a rival family leads to his mother’s death and puts his father in a wheelchair. Baran’s tough exterior masks the guilt he feels over the tragic ambush of his parents, as it was his demand as a child for a new bicycle that resulted in the attack.

The fate awaiting Baran is revealed one day when his favorite horse becomes hurt and Dilan comes to his aid. Though they feel a deep attraction, he shies away from relationships out of fear that marrying will prolong the blood feud. Indeed, he resists pressure to marry a bride proposed by his grandmother.

But there can be no escaping destiny and Baran’s uncle Hasan reveals one day he has tracked down his family’s attackers. It falls to Baran to seek revenge. Hasan is however laying a trap and he is actually the person behind the ambush, hoping to get his hands on the family fortune if Baran were to go to prison.

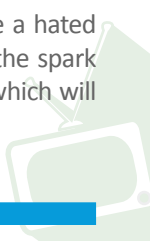

Baran tracks down the son of those who staged the attack, only to find himself unable to kill him when he sees the love between the man and his mother. This sensitivity angers Baran’s family and his younger brother Cihan, who pledges to carry out the killing in his place.

To protect his brother and end the feud, Baran realizes his only option is to marry the daughter of his nemesis. When he meets this woman and realizes it is Dilan, both are incredibly shocked and his initial affection for her is extinguished by his hatred of her family.

But he is determined to marry her despite the hostility of his brother, who abandons the mansion in anger. When Dilan is brought by force to the mansion, she thinks she is being held hostage over some debt, only to end up married to Baran. However another secret hangs over them both: Dilan was adopted and if the truth emerges Baran’s effort to end the blood feud will have been in vain.

Now a new life begins for Dilan and Baran. Though she is horrified to feel like a hated prisoner within the mansion, she and her husband will gradually realize that the spark which they initially felt between them is set to erupt into a powerful passion which will either blossom into love or bring devastation.
